Sunnyridge Nursery and Botanical Shoppe

Specialists in Native Pennsylvania Plants

**WANT TO HELP THE ENVIRONMENT?
START A GARDEN!**

WHO WE ARE

Sunnyridge Nursery is your friendly, local Western PA garden center. We grow and sell only the best plants to add beauty and value to your home. Our family takes great pride in what we do, and since 1937, our standards haven't changed:

1. We offer a superior product at an unbeatable price
2. Every member of our staff is knowledgeable about plants and trained in their upkeep
3. We believe great gardeners all need a place to start

UNMATCHED QUALITY

All of our plants are either grown in our nursery, or are brought in from trusted, organic and natural wholesalers. This means that you are guaranteed a bloom that is not only healthy, but has been genuinely cared for.

We stand behind all of our plants, and tend to them like they were our own. If you are unsatisfied with your purchase, bring it back and we'll replace it, or offer you a refund. We take great pride in our living products!

EXPERT ADVICE

Our friendly team members all undergo plant knowledge testing and are required to stay up to date on best gardening practices. There are no clueless employees here! We'd love to answer your questions and help you plan your garden, no matter what variety, size or shape.

We also have 3 certified Penn State Master Gardeners on hand, who are specialists in:

- Native Pennsylvania species management
- Horticulture and permaculture

Drop in or email us your questions to plants@sunnyridgenursery.com. You can even schedule a one-on-one meeting for a small fee.

PRICES

We pride ourselves in selling our plants and flowers at a great price, backed up by superior knowledge and customer service. When you make a purchase from us, you have also bought years of experience and expertise.

GIVING BACK

We have partnered up with local communities in the area to create a space for Community Gardens. It's our way of giving back to the Western PA neighborhood that has been so kind to our family. Contact us today and get your community involved in starting their very own, personalized garden! We'll help you organize, plan and plant it. Check out the awesome gardens we've already done on our website.
